Match Report

Kingston Oval was the venue for the round six match between Harman and Eastlake. With both teams trying to build their seasons after slow starts, this was considered a must win for the Hogs if they wanted to play finals in 2007.

The opening half saw a committed Eastlake side serve it up to an undisciplined Harman team who had forgotten how to play team football. With former Harman player Cheyne Webster getting under the skin of a few players, the Hogs never worked hard enough in the opening half and as a result were not able to play their best football. With the scores locked at the half the players were asked for a greater effort and to start playing the team football that had served them so well the previous week.

The players responded with an even more insipid performance. It was just the efforts of Clayto in the ruck, Chaddas and a few of the senior players that kept Harman in the contest in the third term.

With Eastlake leading by 19 at three quarter time the coach's from the Hogs demanded one last effort, to start playing for each other and for no one to walk off the ground without giving 100%. The result was a blistering last quarter from Harman in which they added nine goals to one and eventually run out 31 point victors and take there record to three and three.
